

IAME SERIES BENELUX SPORTING REGULATIONS 2025 Bulletin 2

7. EVENT / COMPETITION

7.15 Safeties

F) Running in, warming up or testing of kart engines is not allowed. Starting the engine in Paddock is allowed, meaning to check if the engine starts. Offenders first will be warned. If behavior continues the offender will be called to the stewards. In worse case the stewards may disqualify the driver concerned of the competition. In application of Article 12.2.3 of the Code, appeals against the stewards' decisions have no suspense effect when in the course of the same Competition, a further breach is committed justifying the disqualification of the same competitor.

Only in Mini-Rookie & Mini categories it is allowed to briefly start the engines in the Servicing Parc Area (just starting, nothing more) before entering the Pre-Grid Area.
