The following amendments have been made to the Technical Regulations published on 18<sup>th</sup> April 2025 (Document V1\_02/04/2025) for Round 1 of the IAME Series Sri Lanka.

Clause No.	Existing Clause	New/Amended Clause						
11. Tyres, pg.3	11.3 Each Driver must submit the following unused "Race Tyres" during Tyres Registration, to be mandatorily used in the Qualifying, Race 1 and Race 2. Race Tyres may not be used in Practice and Warm Up.	Each driver must submit an unused set of Komet K2H "Race Tyres" during tyre registration in accordance with Clause 11.5. This brand-new set must be used mandatorily for Qualifying, Race 1, and Race 2. Drivers may also use the same set for the Warm-Up session, or they may use a separate set of Komet tyres for Warm-Up.  Drivers are permitted to use either used or brand-new Komet wet tyres during the Warm-Up, Qualifying, Race 1, and Race 2 in accordance with Clause 11.5.						
15.9 Carburettor, pg. 8	15.9.3 The inlet silencer (X30125740) must be original as supplied with the engine (same brand, same model, and same reference) with max 23mm internal diameter intake tubes. Protective grids are optional.	<p>The following inlet silencers are permitted for the series: X30125740, IAG-90000G, and 10743-C1. They must be original units as supplied with the engine (same brand, same model, and same reference) with max 23mm internal diameter intake tubes. Protective grids are optional.</p> <table> <tr> <th>X30125740</th><th>IAG-90000G</th><th>10743-C1</th></tr> <tr> <td></td><td></td><td></td></tr> </table>	X30125740	IAG-90000G	10743-C1			
X30125740	IAG-90000G	10743-C1
